

## FIXED HEIGHT SURGICAL C-ARM TABLE

*Quality built, affordably priced*

*Convenient handles  
for easy movement and  
positioning.*

- Extra-large low-attenuation carbon fiber tabletop
- Unrestricted end-to-end C-Arm positioning
- Four twin-wheel locking casters

**D**esigned for unrestricted head-to-toe C-Arm positioning during image-guided procedures, this unit offers structural stability and manufacturing quality at an affordable price. The extra-large 80" x 24" carbon fiber tabletop has no cross members between the two C-shaped supports at each end of the table. This open side-cantilever design provides unobstructed end-to-end C-Arm placement for full head-to-toe fluoroscopic visualization of any size patient.

Two-inch thick table padding assures patient comfort during lengthy procedures. Adjustable straps with Velcro® hook and loop fastening are provided for increased patient stability. Twin-wheel locking casters provide smooth transport and secure table positioning.
